Dear Polk County Texas, (Tax Assessor)

23.FEB.2005

My 1991 Winnebago Superchief 34 foot Recreational Vehicle (Motor Home) which I alone purchased on or around 15.DEC.1997 from Alpine Recreational Vehicles in Morgan Hill California and partially financed with a small \$32K Motor Home loan through Deutsche Financial Corporation **was returned** to E*Trade Financial Corporation on 22.OCT.2004 due to my departure from the United States of America as a result of resigning my United States Citizenship on 30.SEP.2004 and my permanent move to Hungary the only remaining country of citizenship. Unfortunately I could not take my Motor Home with me on my permanent move to Hungary because I did not own the title to the Motor Home and as I was advised by E*Trade Financial Corporation in October 2004 it was not possible to take the Motor Home out of the United States until it has been fully paid and for this reason I regrettably returned the RV to the mortgage company E*Trade after investing several years of my time in maintaining and improving the Motor Home.

Since 22.OCT.2004 it is no longer my responsibility to register this Motor Home, please contact E*Trade Financial Corporation with any questions you may have with regards to the Motor Home.

Sincerely,

Tibor Gyula Balogh
